

# HAVE YOU MET ALICE?

Capital Area United Way believes that working people deserve help when they need it. Capital Area United Way stands for **ALICE (Asset Limited, Income Constrained, Employed)**.

## IT'S SIMPLE

ALICE households earn enough to support themselves but not enough to deal with major unexpected expenses. When their car breaks down or their partner gets sick or their adult child moves home, ALICE families can't get help through traditional resources because the income limits are so low. They don't have access to savings or credit. They get stuck. They burn out. They fall into poverty. They stay there.

ALICE is your friend, family member, neighbor, co-worker. ALICE may even be YOU.

Capital Area United Way helps ALICE families stay on their feet so they can get back to supporting themselves and contributing to our community.

Twenty-five percent (25%) of Mid-Michigan households are ALICE. Capital Area United Way is doing something about it. Learn more at: [portal.micauw.org/gives](http://portal.micauw.org/gives)
