

Those who follow 99 problems know how APPROVAL VOTING works.

We vote for all those we like and NOT for those who still need a little work.

It's different from the CHOOSE **ONE** option. How to decide? We're all so *GOOD!*

If some aren't quite ready, we give them a chance to come back. Just vote for the ones who *earned* our vote. Simple!

...and it works better, too! **We LIKE APPROVAL VOTING OUTCOMES!**

So now imagine how great it would be if we could use APPROVAL VOTING in **general election primaries**. We could vote for EVERY CANDIDATE who speaks to OUR ISSUES. Things like GUN VIOLENCE... ENVIRONMENTALISM ...RACIAL EQUITY ...HUMAN RIGHTS ...MASS INCARCERATION ...WHAT ELSE?

OR we could vote strategically for one of the two dominant parties cuz we're okay with what one of them has been doing for the corporations or the unions (that's where their money comes from).

Or we could vote for the lesser of two evils (**which is still evil**) ...AND some of the other candidates to send the parties a message about what voters want so they can start DOING SOMETHING ABOUT IT!!!

The GOOD NEWS is that all of us can make it happen, the way Voters Not Politicians got REDISTRICTING through. The powers-that-be can't stop a Citizens Ballot Initiative

...and there are folks at a NON-PARTISAN NON PROFIT to HELP US DO IT!!! ...**AT NO CHARGE!!!**
