# SERVE LANSING

The City of Lansing is filled with citizens and community partners that are ready to jump in and solve problems. Together, we can work side by side to strengthen our neighborhoods, our city, and the region. Through service, all of us can make our neighborhoods safer, healthier, resilient, and more connected.

Serve Lansing will connect citizens, organizations, partners, and the City of Lansing to:

**Increase Citizen Engagement**

**Build Community Response and Preparedness**

**Clean & Beautify the Community**
